CHANGE IN LAW - ID REQUIRED AT POLLS

With general elections on **November 8**, it is important to note that a recent change in Utah law requires voters to show valid voter identification before they can vote.

The change in the law, which was sponsored by Rep. Bradley Daw, R-Orem, in the 2009 legislative session, requires identification from all voters. Before, the law required identification only in certain circumstances. The change also clarifies which forms of identification are valid. "We eliminated less reliable forms of identification," explains Daw.

Valid identification includes a photo ID issued by the state or federal government, such as a Utah driver license or United States passport; or two other forms of ID showing the voter's name and address, such as a current utility bill or bank statement.

Voters without valid identification may cast a provisional ballot and present valid identification to the county clerk within five business days of the election to have the ballot counted.

For more information call the town clerk at 801-226-1929 or the Utah County Elections Office at 801-851-8124.
